

## BR-UBB SCHOOL BUS LUGGAGE COMPARTMENT SERIES

ONE DOOR REG

ONE DOOR XL

TWO DOOR REG

The BR-UBB underbody bus box is ideal for all types of school bus chassis. The lightweight fibreglass construction allows for more cargo carrying capacity. The double-skinned doors make for a very lightweight, sturdy door. Designed with a quarter turn latch that is key lockable and pad lockable, this box ensures a positive lock when the door is closed. Never again will a driver need to keep checking his mirrors to make sure his luggage compartments are still closed.

Aluminum strips and automotive type seals are provided on all doors to assure leakage prevention. The large ribs in the bottom of the box provide extra strength and protection for the luggage. The doors have been fitted with gas shocks to keep them out of the way when loading luggage. Hinges, bolts and locks are all made with rust proof materials for years of trouble free use.

2 DOOR XL PICTURED

### FEATURES:

- ⇒ Fibreglass construction
- ⇒ Will not rust, corrode
- ⇒ Lightweight and durable
- ⇒ Easy Installation
- ⇒ Provides full access to the box
- ⇒ All raw materials guaranteed lead free
